

Changing lives... Everyday!

At The Summit School everyday is a new experience for our students. Our teaching professionals cultivate each child's strengths using multi-sensory approaches to foster literacy and interactive learning. The Summit School, with this approach, is changing the lives of its students by successfully transitioning them to mainstream high schools...helping to make life just a little easier for them.

Call for your tour today and see how The Summit School is changing the lives of bright and gifted children everyday!
